Attachments: Recontract Notification.pdf

Dear Mr. Stacey,

(b) (4)

Please refer to the Navy PQS for these vessels and supply us with the information that the persons operating these vessels possess these qualifications. The Ferry and Tugs are unique boats and we have not been provided the properly qualified personnel to sign off for these vessels.

We had understood that the transition ended on January 31, 2017. We are concerned about the safety and well being of the Base residents, the workers on the vessels and the ships themselves (which require substantial maintenance and care in operations to keep them running safely, efficiently and reliably despite their advanced age). Please provide the requested information and indemnities so that we may process your request.

Sincerely,

JUAN PEREZ
